## **EXAMINER'S AMENDMENT & REASONS FOR ALLOWANCE**

### **Examiner's Amendment**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Burgujian (Reg. No. 31,744) on August 20, 2007.

The application has been amended as follows:

Cancel non-elected claims 11-33 and 36-38.

### **Reasons for Allowance**

2. Claims 1-10 and 34-35 are allowed. The claims will be renumbered as 1-12
3. The following is an examiner's statement of reasons for allowance: With respect to independent claims 1, 9 and 34, the reason for allowance of these claims presented in the last Office Action is not repeated herein, but is entirely incorporated herein by reference, and since independent claim 7 recite identical features as claims 1, 9 and 34, it is also allowable for the same reason. With respect to independent claims 6, 8, 10 and 35, none of the prior art of record disclose or fairly suggest extracting a pattern contour from an image of a pattern to be inspected by calculating a schematic edge position of the pattern from the image; generating a lattice whose unit cell has a size larger than that of a pixel of the image and to whose each edge a weight coefficient is allocated on the image on the basis of the calculated edge position; applying

a lattice animal onto the lattice based on the weight coefficient, thereby to form an approximated polygon which is constituted by an outer circumference of the applied lattice animal; and outputting contour data of the pattern based on coordinate data of a vertex of the applied lattice animal. These features in combination with other elements of the claims are not disclosed or fairly suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
